Progress Review - Minimum Grade

- Your **Minimum Grade** shows what students with similar GCSE results to you achieved as their final grades, on average, in previous years.
- It is important to note that this is **just an average** and in many cases, with hard work, students achieved grades higher (in some case much higher) than their Minimum Grades.
- Students will always be encouraged to **exceed** the minimum grade.

Progress Review - Current Grade

- At each Progress Report, every **subject area** publishes how the Current/Estimated Grade has been arrived at. The **‘Progress Review – Grade Summary’** can be found in every subject portal site under **‘Policies’**.
- A **Current Grade** is the grade a student is **currently working** at on their A level, GCSE or BTEC subject.
- The Current Grade judgement should be based on the most **relevant and recent assessment(s)** completed on the course so far together with the **professional opinion** of the subject teacher(s).

Progress Review – Estimated Grades

- The **Estimated Grade** indicates what the teacher estimates the student could be able to achieve **by the end** of an A level, AS, GCSE or BTEC course.
