

COVID-19 Charter

Overview

This COVID-19 Charter provides information and guidance in relation to COVID-19 for students while they engage with their studies at Esher Sixth Form College. This document should be read together with the existing college policies and procedures, which are available on the college website, in particular:

- Student Contract and Code of Conduct
- Safeguarding and Child Protection Policy
- Cause for Concern Procedures

In addition, government, NHS and college guidance can be found via the below links:

- Department for Education: [LINK](#)
- NHS: [LINK](#)
- Stay at home guidance: [LINK](#)
- COVID-19 Wellbeing Advice: [LINK](#)

COVID-19 Charter

Attendance and Academic Engagement

- As with regular absences, COVID-19 absences (symptoms, positive LFD/ PCR test, quarantine) must be reported by a student's parent or carer before 8.30am via the college email covidabsence@esher.ac.uk.
- Please include in all COVID-19 absence emails where applicable: Name of the Student, which symptoms they have experienced and from which date, the type of test (PCR/LFD) used, the date the positive LFD/PCR test was received and the date of when their isolation/quarantine period ends. All COVID-19 cases will be managed with the utmost privacy as consistent with DfE/PHE guidance. Absences will only be authorised in line with NHS COVID-19 guidance.
- All COVID-19 absences (symptoms, positive LFD/ PCR test, quarantine) need only to be reported on the first day of an absence. If your isolation period is ending early (for example, due to a negative LFD Test Day 6 and Day 7 or if following other official Test and Trace Guidance), please inform covidabsence@esher.ac.uk.
- Students will only be able to access lessons remotely via Teams if they are recorded as a COVID-19 absence (symptoms, positive case, quarantine). All COVID -19 absentees should ensure that teams is installed and open on a suitable device. A COVID-19 absent student will be invited to attend a Teams meeting via their class Team or work will be set by the teacher. Remote access to lessons will not be available in any other circumstances.
- Government guidance states that close contact tracing will now be undertaken by NHS track and trace and that anyone under the age of 18 years and 6 months (or fully vaccinated) are not required to self-isolate if they are a close contact of or live in the same household as someone with COVID-19. However, a student may be contacted by NHS Test and Trace and be required to isolate dependent on circumstances (i.e if a close contact of the omicron variant). NHS Test and Trace advises that all close contacts of COVID-19 positive cases should complete daily LFD tests once a day for a period of seven days.
- NHS guidance states that students should get tested for COVID-19 if they develop one or more of the main symptoms: a high temperature; a new, continuous cough; or the loss or change of your sense of taste or smell. In addition, they should get tested if you are recommended to do so by a healthcare provider (e.g. GP).
- All Clinically Extremely Vulnerable (CEV) students should attend college unless they are one of the very small number of students under paediatric or other specialist care and have been advised by their clinician not to attend.

COVID-19 Charter

- Students who live with someone who is clinically extremely vulnerable, but who are not clinically extremely vulnerable themselves, should still attend college.
- If a student becomes unwell on campus, they must immediately inform a member of staff or go to the college Nurse office. There is guidance on the door in relation to seeing a nurse, or if outside of their working hours, how to access other support. If you are experiencing a COVID-19 related symptom (see below) please call reception (020 8398 0291) for further instruction and so we can arrange for a parent or carer to transport you home.

Home Testing

- COVID-19 Test kits are available for collection from the pick-up point in college. Students are continued to be encouraged to undertake two home LFD Tests per week.
- Instructions and further guidance can be accessed [here](#). All students are required to upload their test result (negative/invalid/positive) to the government website ([LINK](#)) and via their database profile (Support>COVID-19 Test Result or use this [LINK](#)).
- Staff or pupils with a positive LFD test result must self-isolate in line with the NHS guidance.

College and Local Community

- In line with government guidance, from 20/01/22 students are no longer required to wear a face covering in classrooms. From 27/01/22 Plan B restrictions are removed, and from that point students are no longer required to wear a face covering in any internal communal college space. Once the updated government guidance is active, it will be the personal choice of any student as to whether they wear a face covering while in a college communal area (post 27/01/22) or classroom (post 20/01/22).
- If required by Public Health England or Department for Education, at any point, we may have to temporarily advise the use of face coverings in communal areas or classrooms as part of contingency arrangements.
- While on site students must ensure they follow the college signage in relation to hand sanitisers, hand washing, toilets, social spaces, and other facilities.
- We have additional day-time cleaners on site, but we also encourage students to bring in their own sanitiser and hand wipes.
- Students should wash their hands either with soap and water for 20 seconds or use hand sanitiser when they arrive at site, return from breaks, change rooms and before and after eating.
- Students must ensure that outside of college, that they adhere to government guidelines, in particular, when making use of local shops and public transportation.

If you have any questions in relation to the COVID-19 Charter, please speak to your Tutor.
