# Results day

- Log in to **UCAS Track**.
- If you meet or exceed the grades for your CF offer it will say **Unconditional**. Congratulations!
- You **may still get an offer** from your firm choice, even if you have missed your grades. If it says **Unconditional** they will still take you.
- If you meet or exceed the grades for your CI offer but **not** your CF offer your **CI (insurance) offer will say Unconditional**.
- You are committed to going to your insurance uni, or you must withdraw from UCAS altogether, unless you **'release'** yourself.

# Clearing

- This is a useful 3.5 minute video on how Clearing works:

[How clearing works](#)

# Clearing

- Clearing matches applicants who don't have any offers to courses that **still have spaces**
- You **cannot** enter Clearing if you have the grades for your CF or CI offer, **unless** you decide to release yourself into clearing by **declining** your now **confirmed unconditional** offer.
- **Do not** release yourself until you have a **definite offer** from another uni, either by **email** or from a **named person** on the **phone**.
- In 2019, 15% candidates nationally found a place through Clearing

# Much better results?

- **UCAS Adjustment** allows you to ‘upgrade’ without losing your confirmed place
- Could you get to a university you didn’t apply to because your predicted grades weren’t good enough?
- Register for **Adjustment on Track** and approach universities to see if they will accept you. You have 5 days only to do this
- **Don’t register for Adjustment** without our help

# Contact College for help

- If you have **just missed** your offer
- If you want **help with Clearing**
- If you want to **register for Adjustment**

# Contact College for help

- Clearing is very frenetic – **keep calm** and don't panic
- Most uni places have been filled by the **Friday afternoon**
- **Visit** the uni **virtually**, or in real life if you can
- College staff are available to help on the **Thursday** from **8.30 am** and **Friday** from **9 am**

# Direct to Clearing applications

- You can apply **direct to clearing** on **results day** itself, but only for courses which appear in the clearing lists
- The **Clearing lists** are published from **6<sup>th</sup> July**, and revised weekly and on results day the vacancies disappear quickly
- You will have to do **the factual part** of the UCAS Apply 2020 form but **may not** need to do a personal statement or provide a reference

## Post-results UCAS application

- If you want to apply to uni through UCAS apply 2021 with your results we refer to you as a '**6.3**' or post – results applicant
- You **still** apply through Esher College, we write your reference and we still help you
- There will be a **6.3 applicants' session** on Teams in the afternoon of Friday 4th September at 2pm [6.3 ucas session](#)
- Start research for **entry in 2021** now, and go to Open Days this summer

# Post-results UCAS application

- Tell your tutor **now** if you think you are going to apply post-results
- They will still be the person who writes your reference
- Your reference will be based on your subject teachers' end of year 1 summary reports, with updates if required
- The **same deadlines** will apply – but the earlier your application the better

# Key Esher College UCAS deadlines

All deadlines are **8am** on the following Mondays:

- Oxbridge, medics, vets and dentists: **Monday 21 September**
- ‘Competitive applications’ (e.g. Russell group) – your reference gets dealt with in 10 working days: **Monday 5 October**
